Art Unit: 3727

Restriction to one of the following inventions is required under 35 U.S.C. 121: 1.

Claims 1 - 28 and 32, drawn to a method of making a tank, classified in class 264, T.

subclass?.

II. Claims 29 - 31, drawn to to a tank, classified in class 220, subclass 4.13.

2. The inventions are distinct, each from the other because of the following reasons:

Inventions I and II are related as process of making and product made. The inventions are

distinct if either or both of the following can be shown: (1) that the process as claimed can be

used to make other and materially different product or (2) that the product as claimed can be

made by another and materially different process (MPEP § 806.05(f)). In the instant case The

product as claimed can be made by another and materially different process such by making a

portion in relief on the outside of the tank.

3. Because these inventions are distinct for the reasons given above and have acquired a

separate status in the art as shown by their different classification, restriction for examination

purposes as indicated is proper.

Applicant is advised that the reply to this requirement to be complete must include an 4.

election of the invention to be examined even though the requirement be traversed (37 CFR

1.143).
